

# Possible/additional topics

Light blue  
four on one DINA-4 sheet

## Cleanliness

- **Possible Clarification questions:**
  - Which „level“ of cleanliness are you expecting: 0-10?
  - How have you addressed cleanliness in the past?
- **Possible Aspects of solution:**
  - Do we differentiate between private rooms and common/shared rooms?
  - Clean ourself or hire outside help or both?

## Parking

There is one parking lot for the house and space for 3 bikes in the basement. Parking close to the house is 100 Euro per year (with a resident parking permit). Temporary parking is costly (parking metres).

- **Possible Clarification questions:**
  - Who has which means of transport (bike, car, motorbike)?
  - Where have those been kept/stored in the past?
- **Aspects of solution:**
  - ?

## Garden

We have a garden of 150 square metres with a small terrace. Would we like to design the garden in any way during year of our stay?

- **Clarification questions:**
  - Who has experience with gardening, which kind?
  - Who has had a garden so far and how has he/she used it so far?
- **Aspects of the solution:**
  - For food or for beauty

## Use of Guest Room

- **Possible Clarification questions:**
  - Who has had which kind of guests last year (history)
  - Who is expecting which visitors? (future)
  - Can the furniture go into the basement?
- **Aspects of the solution:**
  - Do we want to rent the room through AirBnB or other possibilities or only for personal guests?
  - Do we want to use the room for other purposes, e.g. store room, gym/fitness room?

## Allocation of tasks

We have several recurrent tasks in the house, which we could manage spontaneously or in a structured way. Would we like to make a decision on this?

- **Possible Clarification questions:**
  - Which tasks are recurrent?
- **Aspects of the solution:**
  - ?

## Common goods

All of us will consume some staple foods and use detergents (cleaning agents). Would we like to jointly buy/own those? Are there any additional common goods?

- **Possible Clarification questions:**
  - Who has experiences with the use of common goods?
  - Which ones you choose to buy together?
- **Aspects of the solution:**
  - Which goods are common goods?
  - Which ones are private goods?

## Offer the guest room to a refugee/ person seeking asylum

You are in touch with an NGO, which is providing refugees/persons seeking asylum with accommodation. They are looking for additional accommodation space.

- **Possible Clarification questions:**
  - How long is the room needed by the NGO?
  - Can we expect any care/support services from the NGO?
  - Will the NGO pay us?
  - Does the person speak English?
- **Aspects of the solution:**
  - ?

## Pets

### Possible clarification questions

- Who has which pets?
- Who has any allergies concerning pets?
- How do the owned pets normally behave?

### Aspects of the solution:

- Interaction between different pets
- Cleaniness and Noise of the pets
- Absence of the pet-owners

## Guest Room

### Possible Clarification Questions:

- Who has had how many guests in the previous year, who slept in a separate room (past)?
- Who is expecting visitors that would like to use or need a guest room? (future)
- Which furniture is in the guest room and can it go into the basement?

### Questions/Tensions:

- Do we want to rent the guest room through AirBnB?
- Do we want to use the room for other purposes, e.g. store room, gym/fitness room?

## Joint Activities

### Possible Clarification Questions:

- Who has experiences with joint activities in a house/flat-sharing community?

### Aspects of the solution:

- Make a distinction between circle meetings and leisure meetings

## Communication

### Possible Clarification Questions:

- How have you communicated when sharing a house/flat and/or in your family?

### Aspects of the solution:

- Digital/analogue
- Bilateral/to all
- Regular/spontaneous

# Smoking

## Possible Clarification Questions:

- Legal regulations (e.g. smoking in private rooms)? Who smokes? How often? And what?
- Who has guests who smoke?

## Questions/Tensions:

- Smoke settles in the room/wall papers/furniture – after a year we are supposed to leave the house in the same condition as it was when we moved in
- Smoking in the private rooms/common rooms/outside?

KS1

# Silence/volume level

## Possible Clarification Questions:

- How much noise do you make?
- What type of noise is acceptable at what time?
- What is your personal tolerance for noise – on a level from 0-10?

## Aspects of the solution:

??

# Revise our vision

Our vision when we moved in was: „We want to live together in a relaxed and harmonious way and practice sociocracy.“

This vision has not been developed by the group and we would like to come up with our own vision. This requires a paramount objection against the current vision as stated above. Does anyone have a paramount objection?

## Possible Clarification Questions:

- What is the function of a vision in sociocracy and which characteristics does it usually have?

# Selections

In a sociocratic context, you usually select persons into the roles of facilitator, secretary/logbook keeper and delegate. We could also design additional roles if you would like. Do we want this?
